### SPECIAL NOTICE

Should any errors or omissions be discovered in the foregoing lists of Births, Marriages or Deaths, the Town Clerk earnestly requests that he be immediately notified. The importance of correct vital records can not be overestimated.

The Town Clerk is prepared to furnish blanks for births and deaths, and calls particular attention to the laws in relation to returns within *the first five days* of each month of all births occurring during the preceding month.

## DOGS LICENSED FOR THE YEAR 1920

Number of dogs licensed.....	321
Males .....	280
Females .....	41
Amount received for licenses.....	\$765.00
Amount of fees (20 cents a license).....	64.20
	\$700.80
Paid to the County Treasurer, receipt on file.....	

Any owner or keeper of a dog not duly licensed which becomes three months old after the thirty-first day of March in any year *shall, whenever it is three months old*, cause it to be registered, numbered, described and licensed until the first day of the ensuing April, as provided in Sections 128 and 129 of Chapter 102 of the Revised Laws as amended, and shall cause it to wear around its neck a collar distinctly marked with its owner's name and its registered number.

ATTENTION IS CALLED TO THE CHANGE IN THE LAW REGARDING THE TIME DOG LICENSES SHALL BE PAID ON OR BEFORE THE LAST DAY OF MARCH, INSTEAD OF THE LAST DAY OF APRIL.

### TO THE CITIZENS OF CHELMSFORD

Inasmuch as with the foregoing pages comprising my seventeenth annual report as your Town Clerk, I voluntarily retire, I wish to submit a brief statement.

I am not unmindful of the splendid treatment received by me from the voters of the Town in returning me to the office year after year during the one-year term period and repeatedly when the office was placed upon a three-year basis. In consequence of the proposed establishment of a combined office of Town Clerk and Town Accountant, I felt that other interests would preclude the possibility of giving proper attention to my own and to the Town's business. I believe the proposed changes are in line with the growth and progress of the town and its affairs, and I can only bespeak for my successor the fair treatment and co-operation of all officials and other citizens of the town which it has been my privilege to enjoy.

Respectfully submitted,

*Edward J. Robbins*

Town Clerk.

# Report of Selectmen

For the year ending December 31, 1920.

In order to lessen the cost of publication of the Annual Town Report, the members of the Board of Selectmen have decided to omit a portion of the customary detailed information. Itemized items have thus been omitted, only the total amounts of expenditures being published.

The Selectmen will gladly furnish all necessary information or answer any questions which might be asked in connection with the different Appropriations and Expenditures.

Arrangements were also made with the printers to reduce the size of type from that usually used, for the same reason.

# Report of the Trustees of the Adams Library.

---

On the afternoon of February 14, the Trustees of the Adams Library met and organized for the year 1920. The voting resulted as follows:

Chairman, Albert H. Davis; Secretary, Edwin R. Clark; Treasurer, Wilson Waters; Librarian and Purchasing Committee, Mrs. E. R. Clark; Committee on bills, Albert H. Davis and Edwin R. Clark; Prudential Committee, Wilson Waters and Otis P. Wheeler; Committee on Periodicals and General Oversight of Library, Albert H. Davis, Wilson Waters and Miss Frances Clark.

The affairs of the Library have been carried on during the year with the usual smoothness, unanimity of sentiment and unity of action.

Early in the year, the Trustees very reluctantly accepted the resignation of the Librarian, Mrs. E. R. Clark, and adopted the following resolution:

**"RESOLVED:**

That, in accepting the resignation of Mrs. E. R. Clark, for fifteen years our efficient Librarian, the Trustees of the Adams Library wish to record their deep regret that she feels unable to continue longer in that position, and also their unqualified commendation of her unfailing courtesy and marked ability in the performance of her duties, which have been discharged with satisfaction to all the patrons of the Library, and with a meagre compensation which the lack of resources has compelled the Trustees to offer her. Love for the work has been her motive in remaining in the position.

At the same time the Trustees desire to express their gratitude to Mr. E. R. Clark for his long continued assistance in various ways, without which the affairs of the Library could not have been so efficiently conducted."

Mrs. Clark continued to act as Librarian until October, when the work was taken by Misses Katherine and Margaret Hall, who have made friends of all the patrons of the Library by their efficient and successful endeavors to serve them acceptably. Mrs. Clark has continued to give her interest and occasional assistance. The Misses Hall are holding the position temporarily and we must soon look for a permanent Librarian.

The Trustees voted to accept the bequests of Mrs. Orra A. George Flint, by her will filed in the Probate Court of Worcester County, May 4, 1920; namely: \$2,000, to be known as the George Fund; \$1,000, the income to be

applied annually to the care of the Aaron George Cemetery Lot at North Chelmsford; six bound volumes and other books; \$17,000, a part or all of which is to be expended in building an annex to the present Library building, to provide for its growing needs, as noted in the Chelmsford Town Report for the year ending Dec. 31, 1914. The will is being contested.

Although there may not be many large private libraries in Chelmsford, all persons who buy books must have found it necessary to curtail their purchases because of the high prices at present prevailing. "There is no furniture like books," and the pleasure of owning, reading and re-reading good books is unique. Their influence on the younger members of the family is in every way wholesome. Even a few shelves well filled with standard authors give character to the home. The reading public is larger than it ever was, the demand for books is greater, and because people cannot buy additions to their own collections, the public library has an increasingly important place to fill in the life of the community. And if it is rightly to serve the public, it must increase the number of its annual purchases. There is a greater demand by its patrons for standard and higher priced books; and because these and all other books cost about twice as much as formerly, the public library must have more money, if it is to serve its purpose adequately.

The cost of magazines, binding, library supplies and heating and lighting, labor and general upkeep, is, as everyone knows, much greater than formerly.

The question of the Librarian's salary is most pressing, and efficiency, which means experience, is essential to satisfactory public service, and costs money.

The Free Public Library Commissioners of this Commonwealth, in a letter to the Trustees of Public Libraries in Massachusetts, after mentioning other matters, say:

"But the matter of greatest importance, is the question of library salaries. Many library workers have, during the past year, received increases in salaries, but the increases, as a rule, have been far less than those granted teachers and workers in other professions. As a result, many hundreds of library workers have left to enter business, teaching, or other occupations. The failure of library salaries to keep abreast of the increased cost of living has resulted in a very serious scarcity. Many libraries have been unable to fill the vacancies existing in their staffs, some have been compelled to curtail hours or close branches. The outlook in Massachusetts is not reassuring. Salaries offered are so little attractive that there is poor prospect of recruiting the library profession. Thus, many library training classes this fall are only partly filled or have been discontinued altogether for lack of candidates. The Division of Public Libraries is constantly asked to fill positions for which it can suggest no suitable persons.

"The Board of Free Public Library Commissioners feels that the conditions confronting the free public library system of the Commonwealth are so serious that they should be called to the attention of library trustees that they may know the facts in making up their budgets for the coming year."

The Trustees of the Adams Library have been for some time anxiously aware of these facts, and have looked forward with apprehension to the

time when they should be confronted with the actual conditions, which now embarrass them. It has always been their aim to give the citizens of the Town the best possible service. Their efforts have been crippled by the meagreness of the appropriation which the Town has made for the support of the Library, a sum much smaller than many towns of its size place at the disposal of their Libraries. The work of the librarian and janitor has cost us only \$300 a year. A competent librarian now asks about \$1,000 a year. A good janitor would ask several hundred.

The Trustees feel compelled this year to ask the Town for a larger appropriation to meet all the increase in expenses and to accommodate the citizens of other parts of the Town who are asking to have better facilities for placing books within their convenient reach by transportation or the establishment of small branch libraries.

Names of donors: Wilson Waters, American Library Association,  
and various publishers.

The change in time of opening on Mondays, which began the first of September, and according to which the Library opens Monday afternoons instead of Monday evenings, has proved quite satisfactory.

There is a growing sentiment among the Trustees and patrons of the Library that it should be opened to the public every day. This could be done if we had a librarian with a salary which would make it possible for the librarian to give practically all the time to the work. The work during library hours is less than half that required to keep things in proper condition.

The Joseph Warren Fund now amounts to \$1,227.14.

The Adams Emerson Fund now amounts to \$168.39.

The Serlina G. Richardson Fund now amounts to \$247.30.

No money has been drawn from these funds during the year.

# North Chelmsford Library Corporation

## REPORT OF THE TRUSTEES.

The regular meeting of the North Chelmsford Library Corporation was held at the Library Rooms, Wednesday evening, January 12, 1921. Various reports were heard and accepted, and officers elected.

Examination of the circulation list discloses the fact that we are still gaining, our circulation for the past year being 20,652 volumes, as compared with 18,767 volumes for the previous year.

We were open for 152 sessions.

We received a very interesting communication from the State Librarian during the past year, which substantiates our statement in our last annual report, in reference to the increased cost of new books, binding, etc., and also as to the value of present day binding found in new books. In view of the amount of money at our disposal, we feel that we made a satisfactory gain in adding, during the past year, 192 new volumes. These new books, in connection with the books already in our possession, make a grand total of 8276 books now on hand.

The rule of the Corporation, which provides that circulation card must be presented to the Librarian for the purpose of securing a book, and which rule was rigidly enforced from the very first of the year, resulted, as we felt satisfied it would result, in the complete return of all books loaned. This is the first time within the knowledge of the Librarian that no losses have occurred during any one year. We shall continue to enforce this rule with the feeling that it is no hardship on any person concerned to comply therewith, and we are sure it will permanently eliminate all losses in the future.

Cards were issued to 53 new subscribers, giving a total of over 800 names, representing that number of borrowers, with a particularly active list of over 300.

We have endeavored in all ways to assist the pupils of the public schools in their work, as it applies to reading matter as prescribed by the instructors, and will continue to do so. We trust that the teachers will make their particular wants known, with the assurance that an endeavor will be made to comply with any reasonable request, so far as it may be within our power.

We are particularly grateful to Miss Emma Brown of the West Village, who has very kindly volunteered to supervise the distribution of books within that district. We appreciate the greatly increased circulation brought about by her efforts.

The expense of the delivery of the books to the West Village has been cheerfully assumed by the Corporation. We have been making deliveries once every two weeks and if the wish is expressed for weekly delivery, we shall be very glad to make the necessary arrangements to give notice as desired.

Respectfully submitted,

HENRY T. RIPLEY,  
H. ELLEN SARGENT,  
SARAH E. SHELDON.

## REPORT OF THE CEMETERY COMMISSIONERS.

The Cemetery Commissioners submit their annual report.

The town of Chelmsford lost a valuable public servant through the death of Mr. James S. Byam, Clerk of the Cemetery Commission.

Mrs. Louise Byam was appointed to fill out the unexpired term of Mr. Byam.

The different cemeteries have been given good care during the year. There has been a considerable increase in the number of lots placed under perpetual care.

Forefathers has been kept in its usual good condition.

Pine Ridge has had new avenues and lots staked out.

Hart Pond Cemetery has been improved by the filling of sunken graves and straightening of stones.

A fence has been built around the new section of the West Cemetery and one lot sold there.

Riverside Cemetery has been much improved during the year by several new lots being filled and sodded and the completion of the North Drive.

C. F. SCRIBNER,

B. C. DEAN,

Commissioners.

## REPORT OF THE FOREST WARDEN.

Chelmsford, Mass., January 1, 1921.

Board of Selectmen,

Gentlemen :

During the year, 1920, there were fifty-five forest and grass fires in town, of which twenty-five were railroad fires and the remainder started from various causes. The Deputy Wardens have also assisted at several chimney, building and auto fires.

The expense of extinguishing the fires together with the cost of supplies, etc., has been \$418.06 of which \$82.98 has been paid or is due the town by parties responsible for the fires.

About four hundred fifty permits were issued for fires between March 1st and December 1st.

Don't forget the Slash Law which requires you to clear the slash forty feet away from your neighbors lot or the highway.

A. C. PERHAM,

Forest Warden.

## REPORT OF INSPECTOR OF SLAUGHTERING.

Chelmsford, Mass., January 13, 1921.

Board of Health:

Gentlemen:—

The following number of animals have been slaughtered by licensed butchers, owners on their own premises and inspected by me.

125 cattle; 423 calves; 1862 hogs; 3 sheep.

Condemned: 9 cattle; 4 calves; 7 hogs: And approximately 450 lbs. of meat for various reasons.

All inspections have been reported to the State authorities as required.

Respectfully submitted,

W. S. HALL,

Inspector.

## REPORT OF INSPECTOR OF ANIMALS.

Chelmsford, Mass., January 1, 1921.

Board of Selectmen--Gentlemen:

During the year 1920 there have been no outbreaks of contagious diseases among horses or dogs, although several suspected cases were reported and investigated.

In the early spring, the cattle, sheep and swine were inspected at 203 different stables which contained 1098 cattle, 448 swine, 11 sheep and one goat. 23 cattle were quarantined as tuberculous, 22 of which were condemned and killed and one released. 89 cows and 11 calves from out of the state, have been identified and released upon arrival in town. All rules and regulations relative to disinfection of infected stables have been enforced as well as all of the so-called "follow up" work.

## REPORT OF BOARD OF FIRE ENGINEERS.

Board of Selectmen :

Gentlemen :—During the year of 1920 the Centre Fire Department has answered six bell alarms, five of which were for buildings and one for a brush fire.

The Department also answered six telephone alarms, all chimney fires, except one, which was a building.

The Department has done very good work considering the equipment with which they have to work. We have no doubt that if given proper equipment, we would have a very efficient department.

We again caution the people to give their chimneys a little attention and avoid fires which are liable to cause considerable property loss.

In case of fire call by telephone the following, plainly giving name, location, whether grass or house fire.

And to meet in the Town Hall at Chelmsford Centre on the following Monday, the fourteenth Day of February, 1921, at 10 o'clock in the forenoon, then and there to act upon the following Articles, viz :

ARTICLE 1. To choose all other Town officers necessary to be chosen by hand vote; or act in relation thereto.

ARTICLE 2. To hear reports of Town officers and committees; or act in relation thereto.

ARTICLE 3. To raise and appropriate such sums of money as may be required to defray Town charges for the current year.

ARTICLE 4. To see if the Town will authorize the Selectmen to act as its agent in any suit or suits which may arise during the current year; also in such other matters as may arise requiring in their judgment the action of such agent, and to employ counsel therefor.

- ARTICLE 5. To see if the Town will authorize the Treasurer, with the approval of the Selectmen, to borrow money in anticipation of the revenue of the current financial year.
- ARTICLE 6. To see if the Town will authorize the Selectmen to contract with the Lowell Electric Light Corporation, at the prevailing price per light, for eighty-one lights in addition to the number previously contracted for, said lights to be distributed along the following public ways, viz: Fourteen lights on Riverneck Road; nine lights on High Street, Hunt Road, and Littleton Street; seven lights on Boston Road; eight lights on Russell's Mill Road; five lights on Parkhurst Road; five lights on Old Westford Road from City line to North Road; four lights on Boulder Avenue and Old Westford Road; four lights on Park Road beginning at Wood's Corner, South Chelmsford; three lights on Westford Road; nine lights on West Chelmsford Road; two lights on Turnpike Road; one light on Subway; one light on Bridge Street; one light on Keats Street; one light on Littleton Street; one light on Depot Street, North Chelmsford; one light at corner of Holt and Washington Streets; one light at corner of James and John Streets; one light on South Street; and three lights on Acton Road; or act in relation thereto.
- ARTICLE 7. To see if the Town will petition the Director of Accounts of the Department of Corporations and Taxation for the installation of an accounting system in accordance with the provisions of Chapter 598 of the Acts of 1910 as amended; or act in relation thereto.
- ARTICLE 8. To see if the Town will raise and appropriate a sum not exceeding Four Thousand Dollars with which to buy a motor fire chemical apparatus for the North Village; or act in relation thereto.
- ARTICLE 9. To see if the Town will appoint a committee to investigate and report as to a site for a fire house at West Chelmsford and the probable cost of the land and the erection thereon of a suitable building in which to house the apparatus and which will serve as a meeting place for the West Chelmsford Fire Department; or act in relation thereto.
- ARTICLE 10. To see if the Town will raise and appropriate a sum not exceeding Six Hundred Dollars for the purpose of supplying the West Chelmsford Fire Department with additional fire equipment; or act in relation thereto.
- ARTICLE 11. To see if the Town will authorize the Selectmen to dispose of a wood-sawing apparatus, being part of the equipment of the Moth Department; or act in relation thereto.
- ARTICLE 12. To see if the Town will vote to raise and appropriate the sum of Two Hundred Dollars, or some other amount, and elect a director for demonstration work in agriculture and home economics, the money to be expended by, and the director to serve in co-operation with, the County Trustees for Aid to Agriculture and Home Economics, under the provisions of Chapter 273, General Acts of 1918 and any amendments thereof; or act in relation thereto.

ARTICLE 13. To see if the Town will appropriate from money already in the hands of the Treasurer a sum not exceeding Thirty-five Hundred Dollars with which to meet unpaid bills of 1920; or act in relation thereto.

ARTICLE 14. To see if the Town will vote to borrow a sum not exceeding Twelve Thousand Dollars, or what other sum, for the purpose of continuing construction of the North Road and of constructing the Acton Road and the Groton Road; or act in relation thereto.

ARTICLE 15. To receive the report of the Special Committee appointed under Articles 5 and 6 of the warrant for the Special Town Meeting held on June 11, 1920, to purchase a lot of land owned by J. Adams Bartlett for a site for a school house at the Westlands, so-called, and to procure plans and specifications for a four-room school building at said Westlands, and to raise and appropriate a sufficient sum to meet the expenses incurred by them for plans, specifications, or otherwise; or act in relation thereto.

ARTICLE 16. To see if the Town will vote to build a four-room school house at the Westlands, so called, at an expense for the building and the equipment thereof not exceeding Fifty Thousand Dollars, and appoint a Building Committee; or act in relation thereto.

ARTICLE 17. In the event of affirmative action under Article 16, to see if the Town will vote to raise or borrow and appropriate a sum not exceeding Fifty Thousand Dollars with which to build and equip a four-room school house at the Westlands, so called; or act in relation thereto.

ARTICLE 18. In the event of affirmative action under Article 16, to see if the Town will appropriate out of unexpended appropriations in the Town Treasury at the end of the fiscal year of 1920 a sum not exceeding Five Thousand Dollars with which to meet a part of the expense of building and equipping a new school house at the Westlands, so called; or act in relation thereto.

ARTICLE 19. To see if the Town will raise or appropriate out of unexpended appropriations in the Town Treasury at the end of the fiscal year of 1920 a sum not exceeding Five Hundred Dollars for the purpose of clearing from scrub and improving the land recently purchased as a site for a school house at the Westlands, so called; or act in relation thereto.

ARTICLE 20. To see if the Town will accept and allow Wightman Street as laid out by the Selectmen on January 29, 1921, as described in their report duly filed in the Town Clerk's office and shown on the plan therein referred to; or act in relation thereto.

ARTICLE 21. To see if the Town will accept and allow Maple Avenue as laid out by the Selectmen on January 29, 1921, as described in their report duly filed in the Town Clerk's office and shown on the plan therein referred to; or act in relation thereto.

- ARTICLE 22. To see if the Town will accept and allow Sunset Avenue as laid out by the Selectmen on January 29, 1921, as described in their report duly filed in the Town Clerk's office and shown on the plan therein referred to; or act in relation thereto.
- ARTICLE 23. To see if the Town will accept and allow Syivan Avenue as laid out by the Selectmen on January 29, 1921, as described in their report duly filed in the Town Clerk's office and shown on the plan therein referred to; or act in relation thereto.
- ARTICLE 24. To see if the Town will accept and allow Subway Avenue as laid out by the Selectmen on January 29, 1921, as described in their report duly filed in the Town Clerk's office and shown on the plan therein referred to; or act in relation thereto.
- ARTICLE 25. To see if the Town will accept and allow Subway Extension as laid out by the Selectmen on January 29, 1921, as described in their report duly filed in the Town Clerk's office and shown on the plan therein referred to; or act in relation thereto.
- ARTICLE 26. To see if the Town will vote to discontinue that part of the Subway, so called, in said town extending from the easterly line of the Stearns land, so called, to Chelmsford Street, together with so much, if any, of the ancient town way accepted by the Town on or about Sept. 27, 1797 and recorded in the Highway Book, Page 31, as is situated between said Stearns land and said Chelmsford Street and is not included in said Subway; or act in relation thereto.
- ARTICLE 27. To see if the Town will raise and appropriate a sum not exceeding Sixteen Hundred Dollars for the purpose of straightening, grading, and improving the Subway, so called; or act in relation thereto.
- ARTICLE 28. To see if the Town will accept a legacy in the will of the late Orra A. G. Flint which has already been allowed or is now pending for allowance in the Probate Court for the County of Worcester, made in terms to the Adams Library of Chelmsford, of Two Thousand Dollars to be known as the George Fund, upon the trusts in said will set forth; or act in relation thereto.
- ARTICLE 29. To see if the Town will accept a legacy in the will of the said Orra A. G. Flint, made in terms to the said Adams Library, of the sum of One Thousand Dollars, in trust among other things for the perpetual care of the Aaron George Cemetery Lot in the Cemetery at North Chelmsford, and upon the conditions in said will set forth; also certain books specified in said will; or act in relation thereto.
- ARTICLE 30. To see if the Town will accept a legacy in the will of said Orra A. G. Flint, made in terms to the said Adams Library, upon the terms and conditions in said will set forth; or act in relation thereto.

AND YOU ARE DIRECTED to serve this Warrant by posting attested copies thereof at the Post Offices in the Centre of the Town, South Chelmsford, North Chelmsford, and West Chelmsford, and at the School House, East Chelmsford, seven days at least before the time appointed for holding said meeting.

HEREOF FAIL NOT, and make return of this Warrant, with your doings thereon, to the Town Clerk, at the time and place of holding the first meeting aforesaid.

Given under our hands this twenty-fourth day of January, in the year of our Lord nineteen hundred and twenty-one.

WILLIAM E. BELLEVILLE,  
GEORGE W. DAY,  
JAMES P. DUNIGAN,  
Selectmen of Chelmsford.

ARTICLE 6. To see if the Town will authorize the Selectmen to contract with the Lowell Electric Light Corporation, at the prevailing price per light, for eighty-one lights in addition to the number previously contracted for, said lights to be distributed along the following public ways, viz: Fourteen lights on Riverneck Road; nine lights on High Street, Hunt Road, and Littleton Street; seven lights on Boston Road; eight lights on Russell's Mill Road; five lights on Parkhurst Road; five lights on Old Westford Road from City line to North Road; four lights on Boulder Avenue and Old Westford Road; four lights on Park Road beginning at Wood's Corner, South Chelmsford; three lights on Westford Road; nine lights on West Chelmsford Road; two lights on Turnpike Road; one light on Subway; one light on Bridge Street; one light on Keats Street; one light on Littleton Street; one light on Depot Street, North Chelmsford; one light at corner of Holt and Washington Streets; one light at corner of James and John Streets; one light on South Street; and three lights on Acton Road; or act in relation thereto.

*No one having appeared before your committee to explain the need of lights at these several localities, we submit this article without recommendation.*

ARTICLE 8. To see if the Town will raise and appropriate a sum not exceeding Four Thousand Dollars (\$4,000.00) with which to buy a

motor fire chemical apparatus for the North Village; or act in relation thereto.

*We believe that there is need of better Fire Protection throughout the Town and therefore recommend that a committee of seven citizens be chosen to thoroughly investigate the whole matter of Town Fire Protection, and report with recommendations and estimated costs, at a Special Town Meeting, not later than June 4, 1921.*

ARTICLE 9. To see if the Town will appoint a committee to investigate and report as to a site for a fire house at West Chelmsford and the probable cost of the land and the erection thereon of a suitable building in which to house the apparatus and which will serve as a meeting place for the West Chelmsford Fire Department; or act in relation thereto.

*We recommend that this article be referred to the committee appointed under Article 8.*

ARTICLE 10. To see if the Town will raise and appropriate a sum not exceeding Six Hundred Dollars (\$600.00) for the purpose of supplying the West Chelmsford Fire Department with additional fire equipment; or act in relation thereto.

*We recommend that the sum of Six Hundred Dollars (\$600.00) be raised and appropriated, said sum to be expended under the direction of the Selectmen, for the purposes of this article.*

ARTICLE 12. To see if the Town will vote to raise and appropriate the sum of Two Hundred Dollars (\$200.00) or some other amount, and elect a director for demonstration work in agriculture and home economics, the money to be expended by, and the director to serve in co-operation with, the County Trustees for Aid to Agriculture and Home Economics, under the provisions of Chapter 273, General Acts of 1918 and any amendments thereof; or act in relation thereto.

*We recommend that the sum of Two Hundred Dollars (\$200.00) be raised and appropriated, to be expended under direction of the Selectmen for the purposes of this article.*

ARTICLE 13. To see if the Town will appropriate from money already in the hands of the Treasurer a sum not exceeding Thirty-five Hundred Dollars (\$3,500.00) with which to meet unpaid bills of 1920; or act in relation thereto.

*We recommend that Thirty-five Hundred Dollars (\$3,500.00) be appropriated from money already in the hands of the Town Treasurer for the purposes of this article, and be expended by direction of the Selectmen.*

ARTICLE 14. To see if the Town will vote to borrow a sum not exceeding Twelve Thousand Dollars (\$12,000.00) or what other sum, for the purpose of continuing construction of the North Road and of constructing the Acton Road and the Groton Road; or act in relation thereto.

*The intent of this article is to provide money to continue construction on the North Road to the Center Village, and to begin permanent*

*construction on the Acton and Groton Roads. We are informed that State and County will each provide a like amount. This being for permanent improvements of Town highways, we recommend that the sum of Twelve Thousand Dollars (\$12,000.00) be borrowed for the purposes of this article, and that the money be expended under direction of the Selectmen.*

ARTICLE 16. To see if the Town will vote to build a four-room school house at the Westlands, so called, at an expense for the building and the equipment thereof not exceeding Fifty Thousand Dollars (\$50,000.00) and appoint a Building Committee; or act in relation thereto.

*We recommend that a four-room school house be built at the Westlands at an expense for the building and equipment of not more than Fifty Thousand Dollars (\$50,000.00) and that a Building Committee of three citizens be appointed therefor.*

ARTICLE 17. In the event of affirmative action under Article 16, to see if the Town will vote to raise or borrow and appropriate a sum not exceeding Fifty Thousand Dollars (\$50,000.00) with which to build and equip a four-room school house at the Westlands, so called; or act in relation thereto.

*We recommend that a sum of money not exceeding Fifty Thousand Dollars (\$50,000.00) be raised or borrowed and appropriated for the purposes of this article, and that said sum of money be expended under the direction of a Building Committee appointed under Article 16, of this warrant.*

ARTICLE 18. In the event of affirmative action under Article 16, to see if the Town will appropriate out of unexpended appropriations in the Town Treasury at the end of the fiscal year of 1920 a sum not exceeding Five Thousand Dollars (\$5,000.00) with which to meet a part of the expense of building and equipping a new school house at the Westlands, so called; or act in relation thereto.

*We recommend that the sum of Five Thousand Dollars (\$5,000.00) be appropriated out of the unexpended appropriations in the Town Treasury at the end of the fiscal year of 1920, for the purposes of this article, said sum to be expended under the direction of a Building Committee appointed under Article 16 of this warrant.*

ARTICLE 19. To see if the Town will raise or appropriate out of unexpended appropriations in the Town Treasury at the end of the fiscal year of 1920 a sum not exceeding Five Hundred Dollars (\$500.00) for the purpose of clearing from scrub and improving the land recently purchased as a site for a school house at the Westlands, so called; or act in relation thereto.

*We recommend that the sum of Five Hundred Dollars (\$500.00) be so appropriated, to be expended by the Building Committee for the purposes of this article.*

ARTICLES 20, 21, 22, 23, 24, call for the acceptance of certain Streets and an Avenue.

*No one having appeared before your committee to describe the locations, and the need for acceptance of said streets, we submit these articles without recommendation.*

ARTICLE 25. To see if the Town will accept and allow Subway Extension as laid out by the Selectmen on January 29, 1921, as described in their report duly filed in the Town Clerk's office and shown on the plan therein referred to; or act in relation thereto.

*No explanation having been made to your committee concerning the need for such an expenditure, we make no recommendation thereon.*

ARTICLE 27. To see if the Town will raise and appropriate a sum not exceeding Sixteen Hundred Dollars (\$1,600.00) for the purpose of straightening, grading, and improving the Subway, so called; or act in relation thereto.

*We make no recommendation under Article 27, for the same reason as that given for Articles 20 to 24 inclusive.*

#### APPROXIMATE TAX RATE.

If the amounts of money which we have recommended, and other sums asked for in various articles of this warrant be raised, appropriated, and borrowed, then the tax rate for the year 1921, will be about Twenty-Three Dollars (\$23.00) per thousand. Each thousand dollars raised and appropriated will add approximately fifteen and one-half cents ( $15\frac{1}{2}c.$ ) to the tax rate.

# Report of School Committee

To the Residents of Chelmsford:

Here is the report of your Committee for the year ending December 31, 1920.

It has been said, "The best way to keep a secret is to put it into a report." The inference from this is that no one reads a report. If the School Committee were to follow this statement and carry it out in full, no report would be submitted this year as we have no secrets. But realizing that there is in the human a quality called "curiosity" in woman and "the inquiring mind" in man, we present this very brief report; and if the desire to know more is urgent, we would remind you that it is your privilege to visit the schools and hope you will exercise your right. Go in and see what fine work is being done, and if you detect where marked improvement may be made, bring it to the attention of your School Board.

We would remind the citizens of the increasing need for more accommodations for the children of school age within the confines of the town. The present housing facilities are not adequate to meet the acute demands. We hope the report of the committee appointed to look into the conditions at the Westlands and to bring in plans for a building in that section of the town, will be given careful consideration and favorable action on their proposition be taken by the citizens. The Committee still feel that the idea in the survey, presented during the past year, should be kept in mind and the proper policy to make the best provisions possible for the education of the future citizens of this town should be adopted.

The report of the Superintendent reminds us that the condition of some of the buildings is such that immediate attention must be given to them. In view of the higher cost of material and labor, a larger appropriation for upkeep is needed to meet the demands.

We are pleased to report a year of good work in spite of the handicap caused by the shortening of the number of weeks on account of the hard winter we had early in the year. We were able to close the school year in June with a commendable record, almost up to that of a normal year. This was in large measure, we believe, because of the fine spirit showed by the loyal and efficient corps of teachers we have in Chelmsford. Realizing the advantages of holding together a well organized and balanced team, and recognizing that efficiency comes with experience, we hope we may be able to hold the strong parts and strengthen the weak. So we expect the town's people will give their teachers their most hearty support. The teaching force in a community is an important factor in the making of American citizens.

Thanking you for your interest and loyal support in the past, and assured that you will still keep it up, we remain,

Yours respectfully,

CHARLES H. ELLIS,  
HERBERT WATERHOUSE,  
JOHN C. MONAHAN,

School Committee of Chelmsford.

# Report of the Superintendent

---

To the School Committee of Chelmsford :

I herewith submit my report, as Superintendent of Schools, for the year ending December 31, 1920.

Although much time was lost during last winter because of weather conditions, the loss of work was correspondingly less and we did not suffer as many of our neighboring towns did. This was due, for the most part, to the fine calibre of teachers now in Chelmsford, and the personal efforts that our oldest teachers gave to bringing up the work to the required standard.

These good results have been very noticeable when put beside work from other places. Many pupils have entered our grades and found that the Chelmsford standard was far in advance of what they had been doing. On the other hand, some of our pupils have gone to other places and found themselves more advanced than their new classmates. This is indeed gratifying, in view of the restlessness that has been so apparent for the past six months in every community.

## REDUCTION OF SALARIES.

I firmly believe that the parents will most heartily support the School Department in demanding that the work shall not be injured by reducing salaries and causing an influx of mediocre teachers. At the present time, we are on a fine level and our work shows it. We can turn out a finished product from our school system. Can we do it with the payment of lesser salaries and the engagement of inferior teachers?

It was estimated that last year there was a shortage of 39,000 teachers throughout the country, and that 65,000 teachers below standard had to be hired to prevent the closing of other schools. In addition, there were thousands of cases where schools had to be consolidated to prevent closing of the educational opportunity to the children. Salaries rose rapidly and in some communities the wage paid to the teacher was double that of previous years.

It was expected that many new faces would be seen in the normal schools, but the increase in numbers has been very small and the lack of good teachers will be felt for at least two years more. Some are returning from other professions, but here again the numbers are not what were anticipated when the war ended. So the question will arise, "Where will Chelmsford get school teachers if a low salary is paid and we take a backward step?" The answer is, "The least desirable of the normal classes and those who can not get positions elsewhere." That is the plain truth, without any attempt to camouflage!

At such a time as this, I well realize, there is much talk of reducing all costs and there has been much talk in certain sections of the town about reducing teachers' wages. Such has been the spread of this report that it was quoted in a committee meeting of a neighboring town, as an argument against raising the wages of teachers of that town. For that

reason. I feel that the committee and parents should know the facts and not let prejudice against certain individuals prevail.

What is needed in these times of stress is a little sober thinking. There is bound to be a certain amount of trouble in every community, especially when the whole country is commercially panicky, and if these bits of trouble arise with such an efficient corps of teachers as we have now, and if there are those who are not satisfied, what will it be if salaries are reduced and this town is forced to accept cheap instruction, for the most part from that class labelled "below standard."

At the present time, there is before the Legislature a bill to increase the reimbursement to towns for salaries paid to teachers. Under the provisions of this bill, the lowest salary for which reimbursement is to be paid is \$800. The next division is for \$900 teachers and the third for those receiving \$1,000. The following table shows the reimbursement under the present law and what it will be if the bill passes :

#### UNDER PRESENT LAW.

3 Teachers, reimbursement \$100 each,	\$850	Salary....	\$ 300
11 " "	150 "	" ....	1650
29 " "	200 "	" ....	5800
Superintendent	200		200
			<hr/>
			\$7950

#### UNDER NEW BILL.

12 Teachers, reimbursement \$250 each,	\$800	Salary....	\$3000
3 " "	300 "	" ....	900
28 " "	350 "	" ....	9800
Superintendent	350		350
			<hr/>
			\$14,050

Looking at this table you can see that under provisions of the new bill, if we advanced the salaries all around \$150 each, we would receive such remuneration that the actual cost would be not greater than if we pay the same salaries as now. Again, a reduction of teachers' salaries cannot be made unless the town makes it general and everybody receives the same proportionate decrease. If that is done there will be in the force a total of twenty-two teachers who will be reduced from the highest reimbursement to the lowest, or none at all.

As I said above, now is the time to give the most sober consideration to this matter, and when you have done so, parents, I firmly believe that you will give your hearty and solid support to the school department.

#### CONTAGIOUS AND INFECTIOUS DISEASES.

I should like to call the attention of the School Committee and parents to the law that requires the teacher to be furnished with a certificate from the Board of Health or from the attending physician, stating that danger of conveying such disease has passed, when a pupil has been out of school, or a member of the household ill, with any contagious or infectious disease.

If the Board of Health will co-operate with the proper authorities and see that the School Department is notified of *all* cases of contagious or

infectious diseases, we could immediately exclude those who might expose others. The State law requires the Board of Health to at once notify the School Department of such cases, but this has not been done during the past year except intermittently. I think that it was because of ignorance of the law and I ask that the incoming Board of Health give us hearty co-operation in trying to prevent spread of any diseases that are mentioned under the law.

In connection with this, I would urge the passage of a ruling that no certificate be accepted unless approved by the school physician. This is recommended at the suggestion of the agent of the State Board of Health, and it is within the province of the School Committee to make such a ruling. Several cases have been reported this year of pupils bringing a certificate signed by a member of the Board of Health and questioning of the pupil has brought out the fact that the family had no doctor at all. If these families are "putting one over" on the teachers, we can prevent it by making these children go to the school physician for examination to be sure all danger of contagion has passed.

#### TRANSPORTATION AT NORTH CHELMSFORD.

Since December 28th, a truck has been transporting the pupils in the extreme north part of the town to the Princeton Street School. The parents had good reason to complain of the car service, for many pupils had to walk almost as far to get the car as they would to go to the school, and then they had to wait for some time in the cold or rain. I would recommend that this method of transportation be continued for the pupils now being accommodated on the Dunstable, Tyngsboro and Groton Roads, until such time as the town sees fit to build additional housing, for those pupils, nearer their own homes.

#### STATE CONFERENCES.

The state is planning to have a number of conferences with all school officials in certain centers easily reached, with a minimum of time lost. These conferences have been held in other parts of the state and are very successful in helping committee members to understand their own problems and to talk with others who have similar problems. I would urge as many of your committee to attend these meetings as can possibly go, as your attendance will directly benefit the school work of Chelmsford.

#### PARENT-TEACHERS ASSOCIATION.

Another recommendation to the parents I have, is the formation of a Parent-Teachers Association, where school matters may be widely discussed and the good of the children divorced from political influences. At the present time, there are few towns that do not have such an association and the value of the work done is felt almost daily. We are fortunate in now having a committee that works so harmoniously together and I would not have any parent think that politics has crept into the official room; but we all know that there have been certain political influences working, undermining and criticising, without giving any constructive criticism and not getting into personal contact with conditions. A Parent-Teachers Association can take up problems in a fair, honest, rational manner and help make teaching a pleasurable occupation in Chelmsford. Just now is the time to form that association and I hope to see it done.

## PUPILS OUT OF WORK.

We are in a peculiar position regarding minors out of work. The law reads that we shall furnish schooling and require all boys and girls between the ages of 14 and 16, who are out of work, to attend school. At the present time, there are nearly 150 such minors in town. What are we to do? To furnish housing is an impossibility at the present time, unless we have continuation schools at work outside of the hours of regular sessions. Furthermore, the books and supplies can not be furnished out of the ordinary appropriations. Let us hope that conditions will be better and that they can return to their chosen vocations; but, in the meantime, I would urge that a sum of money be appropriated to meet the requirements of the law in this regard.

## "NO SCHOOL" SIGNAL.

Your attention is called to a change in the time of sounding the "No School Signal." In the future it will be sounded at 7.15, instead of 7.45. This is made necessary because of the time of the barge service from West and North Chelmsford. It might be added that no signal will be sounded except when an extraordinary storm occurs, or unless the going is such that the barges can not be used.

## REPAIRS.

I would recommend that more attention be given to larger repairs this year. In most places it is the custom to make a cursory examination of buildings and then appropriate as small a sum as possible, so as to save expense. Every town has regretted this policy and I trust that Chelmsford will not have any cause for regrets. There are many repairs to be done and many changes to be made, as per request of the building inspector. Fire alarms should be installed or improved in nearly every building. At East Chelmsford it is ordered that we put on a fire escape, and change the hardware on the front doors. The roof at West Chelmsford needs attention and the back yard of the Highland Avenue School should be so graded that water will run away from the building instead of toward it, as is the case now. The High School is much improved by the grading of the grounds, but a flag pole should be put up as soon as possible as we are evading the law by not flying a flag.

In closing this report, I wish once more to urge the parents to visit the schools and see what conditions are. Get acquainted with the teachers, and especially with the teacher of your own children. Let her see that you have a vital, wholesome interest in the welfare of the children and that you believe, as all true Americans do, that the school is the workshop for the making of future citizens, loyal to the town, the state, and the country.

Thanking all for support given during this past year, I submit this,

Most respectfully,

WALTER K. PUTNEY,  
Superintendent of Schools.

## REPORT OF HIGH SCHOOL PRINCIPAL

---

Mr. Walter K. Putney,  
Superintendent of Schools.

Dear Sir:

In accordance with your request I herewith submit a very brief statement of the conditions in the High School as I find them at the present time.

In summing up the work of the past year I can assure you that there has been a strong and steady growth in the development of the school.

I have endeavored to keep before the minds of the pupils the necessity of their making the school work their chief business. There has been a marked interest in the amount and quality of the work done by all the scholars of the school. A spirit of endeavor and a desire to do the best they can, seems to impel the pupils to co-operate with the teachers in a very fine manner. I wish to take this occasion to express most sincere thanks to both parents and pupils for their loyal co-operation and support, without which any school cannot maintain its standing.

The total enrollment of the school is 161 pupils, 81 boys and 80 girls. The membership by classes is as follows: Post Graduates, 3; Seniors, 16; Juniors, 22; Sophomores, 48; Freshmen, 63.

It is very gratifying to note that the school is not being seriously affected by the abnormal economic conditions prevailing throughout the country. We have a good proportion of our pupils remaining in school for the completion of their education. The problem of the school is to fit these boys and girls for the great demand for thoroughly trained men and women to take up the work of the world during and after the period of reconstruction.

More and more every year it is being conclusively demonstrated that the world values and needs the services of highly trained men and women. In connection with this fact I would call your attention to the large number of pupils in the school who are pursuing the preparatory subjects with the intention of fitting themselves to continue their education in the colleges and normal schools.

The class of 1920 graduates 18 pupils. The honor students, the first five in order of scholarship, were Eleanor Louise Warren, Eleanor Adams Ward, Frederic Angus MacElroy, Margaret May Hall, Katherine King Hall. Thirteen members of the class are continuing their education. Four are in college and five are in normal school.

The real test of a school is determined by the work of its graduates. In this connection it is a source of gratification to report that we are receiving excellent accounts of the work of former pupils now in attendance in other schools and colleges. The school is recognized by the New England Entrance Certificate Board. The State Board of Education classifies the school as a "class A" school for certification to normal schools. This is the highest form of classification granted by the Board. These facts afford proof of the good estimate of the school that is held by outside educational institutions and authorities.

There is a very healthy interest manifested on the part of the various school activities. Continuing the custom already established, three or four school socials are held during the school year. These socials have been well attended. The boys and girls have taken part in the requirements of a social evening and have endeavored by a fine spirit of co-operation and self-reliance to promote the success of these affairs. These socials are a means of profit and educational value to the school as well as a source of pleasure to the pupils.

The affairs of the athletic association are in good condition. Regular officers and a Baseball Manager have been chosen. The members of the association are intending to place in the field as good a baseball team as can be produced from the members of the school. We closed the season in June with all bills paid and a good sum in the treasury.

Interest in debating in the school has resulted in the formation of a "Congress." At present there is a membership of 20. Meetings are held every two weeks on Thursday afternoon at the high school.

Under the guidance of Miss Adams the interest in music is being expressed very satisfactorily in the attendance at the Boys' and Girls' Glee Clubs and the School Orchestra.

A successful track-meet was held this fall. A very large number of pupils who would not otherwise have the opportunity to engage in athletic contests took part in the various events of the day. It is planned to hold two more such meets in the spring. A banner has been purchased and is to

be awarded each year to the class winning the largest number of points in these events. The Class of 1921 is the present holder of the banner.

In a very brief report of this kind I can only touch upon some of the outstanding features of the work of the school. The most significant and vital part of our work, the steady and continuous process of shaping young men and women to take their places in community life, cannot well be described. The purpose of a High School is to give an education which will increase the efficiency of its pupils as workers, enlarge their outlook on life and contribute to their growth in useful citizenship.

In closing may I express my appreciation of the help that has come from the community, school committee, superintendent, fellow-teachers and student body.

Respectfully submitted,

LESTER F. ALDEN,  
Principal.

## REPORT OF SUPERVISOR OF MUSIC

---

Mr. Walter K. Putney,  
Superintendent of Schools,  
Chelmsford, Mass.

Dear Sir:

The course of study in public school music, for the year nineteen hundred and twenty, has varied but little from that of the preceding year. We have tried to improve sight reading. Much individual work has been given for this purpose, especially in the low grades.

Victrolas have been placed in the East, South and West Schools. The greater part of the funds for these was obtained by entertainments and candy sales. The grade teachers have done much to bring about the purchase of the victrolas. These machines are agencies to help popularize good music in America. By them, children become acquainted with the best music and learn to know the real voices of great artists.

Last year, the High School Orchestra furnished music for the senior play and also for the graduation exercises. This year's orchestra is progressing favorably. A double bass has been given to the High School and we have the use of a baritone.

Both the Girls' and the Boys' Glee Clubs are doing good work. As with other organizations of the school, membership in the glee clubs and orchestra depends upon the scholarship of the pupil.

Again, I wish to thank all for the interest they have taken in my work.

Respectfully submitted,

M. MARION ADAMS,  
Supervisor of Music.

## REPORT OF SCHOOL PHYSICIANS

---

Mr. W. K. Putney,  
 Superintendent of Schools,  
 Chelmsford, Mass.

Dear Sir :

The inspection of the schools of precincts one and four showed the following: Tonsils, 41; adenoids, 35; strabismus, 3; otitis media, 1; anaemia, 1; pediculosis, ring worm, itch, impetio, several cases of each. Mumps have appeared.

A small epidemic of scarlet fever broke out in October consisting of fifteen cases, and, although of mild character were typical cases. None resulted fatally.

Very respectfully,

ARTHUR G. SCOBORIA, M. D.,  
 School Physician.

---

Mr. W. K. Putney,  
 Superintendent of Schools,  
 Chelmsford, Mass.

Dear Sir :

The annual inspection of the schools has been made.

The general appearance and the general health of school children improves from year to year, with very marked improvement over a few years ago. Measles have been very prevalent, interfering with school work. Mothers should use more care in sending their children to school when they are sick. Many contagious diseases are spread in this way.

It is my desire to be as helpful as possible.

Very truly yours,

FRED E. VARNEY, M. D.,  
 School Physician.

## REPORT OF SUPERVISOR OF DRAWING

---

Chelmsford, Mass., Jan. 5, 1921.

Mr. Walter K. Putney,  
Superintendent of Schools,  
Chelmsford, Mass.

Dear Sir:

During the past year I have planned the drawing course in the Chelmsford schools to include not only actual drawing, but to also take in the every day problems connected with art.

The work in the upper grades has taken in simple construction problems, designing, study of roof types, nature work, with a few studies in water color, object drawing and printing. The work in these grades has necessarily had to be very simple as the pupils have not had drawing for a year and a half.

The primary grades have become quite proficient in paper cutting. This has helped them in other work, which included illustration, object drawing, and construction problems of a very simple nature.

The High School course is made up of both freehand and mechanical drawing. The girls became very interested in interior decoration and in color combinations for costumes.

In June an exhibition of the work done in all the schools was given at both town halls. This has induced the children to do their very best in order that their work might be among the lucky few to "have a drawing on exhibition."

I wish to express to you and to the members of the school committee my gratitude for your kindness during the past year.

Respectfully submitted,

LYDIA M. DESORMEAUX,

Drawing Supervisor.

## CLASS ODE.

Now we reach the day of parting,  
 Say farewell to classmates all.  
 Happy days we've spent together,  
 Pleasures we shall oft recall.  
 As we enter on life's journey,  
 Each his separate way to take,  
 May the lessons we have garnered  
 Teach us well our way to make.

The laurel we will ever cherish  
 And its meaning ne'er forget.  
 Though our hopes and aims may perish,  
 Our ambition will be yet  
 Climbing still and ever climbing  
 Heeding not life's care and stress  
 Always faithful to our motto,  
 Climbing upward to success.

Graduation means Commencement.  
 Life for us is but begun.  
 May our colors, rose and silver  
 Hold a lesson for each one.  
 May our "clouds have silver lining,"  
 All our days, a rosy hue.  
 To our school be ever loyal,  
 To our motto, ever true.

## CHORUS.

Climb to Success—Climbing Upward to Success  
 With courage true—we'll conquer by our faithfulness  
 Climb to Success—ever to our motto true  
 Then upward all—faithfully our work we'll do.

MARGUERITA ELLIS.
